

## MORE “FREE” CAR SEAT INFORMATION

There is a Permanent Fitting Station at Chances and Services for Youth, located in the lower level of the Booker T. Washington Community Center at 13<sup>th</sup> & Crawford.

Parents/Caregivers can call 812-232-3952 ext 63 and **schedule an appointment** to meet with a Certified Child Passenger Safety Technician (CPST) who will inspect the way that the child is currently restrained in the vehicle. The CPST will educate you on the safest way for your child to travel, check any current car seats for recalls, and provide instruction on the proper use and installation of the seat.

If the CPST recommends that the car seat be replaced, they will replace it for **no charge to you, providing that the Fitting Station has inventory and the family/child qualify for financial assistance.**

There is no charge for the appointment.

\*It is important to note that seat inventory varies. Plan accordingly and make an appointment ahead of time if at all possible.
